Comments from our Group CEO

I am honoured to inform our stakeholders of **United Capital Group's exceptional financial performance in 2024**. Despite a challenging business environment, we achieved remarkable growth, reinforcing our market leadership. We appreciate our board, shareholders, and employees, for their unwavering commitment to our progress.

We continue our decade-long legacy of dividend payments with an increase in **total dividend payout by 33% to N14.4 billion**. This follows a landmark interim dividend payment to shareholders of **N0.90 per share** and a **2-for-1 bonus share issuance** that effectively tripled our investors' holdings.

Our final dividend declaration of 50 Kobo per share brings the total dividend payout for the year to **N2.40 per share**, a monumental milestone in the Nigerian capital market. We remain committed to rewarding our shareholders while sustaining this remarkable performance.

We are positioned to lead the Nigerian Capital Market and unlock new opportunities on the African continent.

Watch out for United Capital.
