Nigeria

- Following unresolved differences between lawmakers on the equity share for the host oil communities, the Senate has finally passed the harmonised Petroleum Industry Bill (PIB). The harmonised bill is rumoured to have adopted the Senate's recommendation of 3.0% equity stake for host communities.
- The Federal Executive Council (FEC) has approved the award of a contract to Dangote Industries for the construction of five roads totalling 274.9km at the cost of N309.0bn to be advanced to the company's tax credit.
- The Central Bank of Nigeria (CBN) has announced that the N15.0tn Infrastructure Corporation of Nigeria will commence operation in third quarter of this year. Infracore is targeted at bridging the huge infrastructure gap in the country.
- The Major Oil Marketers Association of Nigeria (MOMAN) and the Petroleum Marketers Association of Nigeria (DAPPMAN) have kicked against the restriction of petroleum import license to a limited number of refiners as spelt out by the proposed Petroleum Industry Bill (PIB). According to the unions, the decision of the proposed bill was against the principle of fair play for a major resource that the country largely depended on, noting that it was dangerous.
- The African Agricultural Technology Foundation (AATF), in collaboration with relevant research institutions in Nigeria, has developed a new rice variety which could increase yield by 20.0% and significantly boost the food security agenda of the federal government. The Nitrogen Efficient Water Efficient Salt Tolerant (NEWEST) rice type, achieved through genetic engineering, will be a game changer in the production of the grain, helping to significantly reduce importation.
- The Senate has turned down a fresh request from the Federal Ministry of Works and Housing seeking approval for projects captured in the \$434.7m borrowing plan of the Federal Government.

Ghana

- Ghana and World Bank have signed the second additional financing agreement worth \$200.0m for the country's Covid-19 financing, bringing the total to \$430.0m. This agreement is geared towards Ghana's COVID-19 Emergency Preparedness and Response Project, which is aimed at preventing, detecting, and responding to threat posed by Covid-19, as well as strengthen national systems for public health preparedness across the country.
- Ghana's inflation rate inched up to 7.8% y/y in Jun-2021 compared to 7.5% recorded in May-2021, driven by price pressure from food items and transport. Food contributed 41.8% to the overall inflation while transport's contribution increased from 16.5% in May-2021 to 18.1% in Jun-2021.
- The Bank of Ghana (BoG) has disclosed that the country is set to commence the piloting of its electronic currency by Sept-2021. According to the Deputy Governor of the bank, the introduction of the Central Bank's Digital Currency (CBDC) is imperative as the pandemic has quickened the drive to a cash-less economy and is likely to shape post-covid monetary policy.
